Michael Gracia	2 State Street	Wilmington	MA	01887-	978-658-7797

Chapter 21A of the General Laws is hereby amended by inserting after section 13 the following section:-

Section 13A. A system inspector of on-site sewage disposal systems, approved by the Department of Environmental Protection, who performs an on-site inspection sewage disposal system under the provisions of the state environmental code, shall not recommend a specific disposal system installer, including himself, to perform any work related to the replacement, repair, alteration or design of said system; provided, however, that all system inspectors shall, at the time of inspection, provide to the property owner a list prepared by the local Board of Health of local disposal system installers who are approved to perform such work. Each Board of Health shall prepare and make available a list containing the name, address, and phone number for at least five such installers who request to be included on such list. Nothing contained herein shall be construed to prohibit a system inspector from distributing such list on which his own name shall appear; provided, however, that such inspector shall in no way distinguish his name from others on such list. A violation of this act shall be punished by a fine of not more than \$1,000. Approved February 6, 1998.

Revised 4/28/15
