Mr. Bradley has met the first condition of his terms. He is moving the trailer out to a permanent pad. He is now waiting to connect to electric and water. In order to get a permit he needs to get a sign off from the Tax Collector. He does owe a significant amount of taxes so he is proposing an agreement with the Town. This was happening this week. He will then make the connections and start working towards the building permit portion of his terms and conditions from the Board of Health.
