NOTIFICATION OF UPCOMING CONSTRUCTION WORK

**LOWELL STREET AND WOBURN STREET
INTERSECTION AND CORRIDOR IMPROVEMENT PROJECT**

Please be advised that the Massachusetts Department of Transportation will be advancing with construction of the Lowell Street and Woburn Street Intersection and Corridor Improvement Project. To finance construction (\$5.46M), this Project received Federal and State funding through the State's Transportation Improvement Program (TIP). The State's contractor for this project, MDR, Inc., is anticipating a start date as soon as September 25, 2023 with mobilization, erosion control, tree/shrub clearing, and drainage improvements. The project is expected to be a multi-year project, including various phases for corridor widening, dedicated left turn lanes, utility/drainage improvements, new mast arms/signals, bicycle lanes, sidewalks, and crosswalks.

The contractor is contractually obligated by the State to provide a 3-week look-ahead for scheduling and notification purposes. To keep the Public updated on phases and potential traffic impacts, the Town will be posting this 3-week look-ahead to the Department of Public Works (DPW's) website under "News and Announcements"; the current 3-week look-ahead can be viewed at <https://www.wilmingtonma.gov/public-works>.

Electronic copies of the plan are available in the Wilmington DPW Engineering Division Office located at 121 Glen Road (Wilmington Town Hall) and can be provided upon request by calling 978-658-4499.

Residents and businesses will have access to their properties throughout construction, although there may be short delays to accommodate worker and public safety.

We ask that everyone please obey the directives of police details and warning signage during this operation. While traffic delays are expected, they are expected to be minimal to start (fall of 2023) but will gradually increase as work advances into calendar year 2024.

If you have any questions or require additional information, please contact the Wilmington Engineering Division at **978-658-4499** or the Wilmington DPW administration office at **978-658-4481**. You may also email the Town Engineer, Paul Alunni, at palunni@wilmingtonma.gov.
